

WYMAN IS SENT UP FOR FIVE YEARS.

THE EX-MILLIONAIRE GETS HIS SENTENCE TO-DAY.

Much Sympathy Manifested and an Effort to Secure His Pardon Is Likely—Bank Embezzlement Case Is Pushed Forward Slowly in Frankfort, Indiana.

NEW YORK, June 20.—Erastus Wyman was sentenced to five years and six months imprisonment today. He came up before Justice Ingraham in the Court of Oyer and Terminer.

FRANKFORT, Ind., June 20.—The first witness called in the Greentown bank embezzlement case yesterday was George Taylor, expert bookkeeper and examiner of the Columbian National bank of Chicago. He testified as to the financial condition of Zimri Dwiggins and as to Paris' indebtedness to the bank. The theory of the prosecution is that Zimri Dwiggins was at the bottom of the Greentown bank failure and that Paris and he were partners in the crime charged. It is claimed that Dwiggins was the projector of a large number of small banks located principally in Indiana, the Greentown concern being one of them at the time the Columbia National of Chicago was the great luminary around which the lesser lights revolved. Mr. Taylor testified that Dwiggins was indebted to the Columbia \$53,000, which was still unpaid. The next witness was O. W. Outland, receiver of the Greentown bank, who testified that the assets turned over to him were \$30,000. He had collected all the outstanding paper that was worth anything and had paid the depositors 20 cents on the dollar.

QUIET RESTORED IN ILLINOIS.

Troops Have Been Ordered Home From Mount Olive.

MOUNT OLIVE, Ill., June 20.—Col. Colby received a message from Gov. Altgeld at 11 last night directing him to break camp and return home with his command. Assistant Quartermaster-General Lieut. John Orendorff and Adjutant Hartigan at once set about having the tents struck and inside an hour he had all the state's property loaded on board a baggage car to be returned to the arsenal at Springfield.

The day was another trying one for the boys of the Seventh regiment. They had to cope once more with a mob of angry, hysterical women and they dispersed it without firing a shot and without injury to any one. The prisoners who were arrested were removed to Springfield at 6 o'clock on a special train.

Late in the evening the United States marshal and sheriff informed Assistant Adjutant-General Bayle that they had arrested all the men they desired, and that he could inform the governor they no longer desired the troops. Col. Bayle at once notified the governor.

MEN DRIVEN FROM THE MINES.

Strikers Will Not Allow Non-Union Miners to Go to Work.

DECATUR, Ill., June 20.—Ten men appeared at the new shaft yesterday morning to go to work, but the strikers commanded the approaches to the property and the workers, who are non-union men, were afraid to go nearer. There was no protection offered them and they went home. The union men say they are willing to go to work at the old price, but the company will not recognize the union. It wants the men to come in as individuals so that it may leave out agitators and kill the union element at this point. The miners at the Niantic shaft, twelve miles west of here, resumed work yesterday. Over 150 tons of coal were lifted and shipped.

SPRING VALLEY, Ill., June 20.—At a mass-meeting held here to hear the reports of the delegates from the Springfield convention the McBride scale was bitterly denounced and its author scored as a Judas who sold out the men. The sense of the meeting was that the miners of the northern district will not work long under the reduction and that another strike will be precipitated in the fall should the operators refuse a raise.

CLEVELAND, Ohio, June 20.—There were several shots exchanged between soldiers and prowlers last night at Post No. 56, near Beach City, but no one, so far as learned was hurt. It is expected orders will be received from the governor within twenty-four hours ordering the troops home.

McBRIDE SCORES ADAMS.

Calls Him a Traitor, an Anarchist and a Fool—Ohio Convention.

COLUMBUS, Ohio, June 20.—The feature of yesterday's convention of Ohio miners was the arraignment by President McBride of President A. A. Adams, under whose auspices the meeting was held. McBride was fearfully severe, calling Adams a traitor to the miners, an anarchist and a fool for attempting to induce the men to fight a settlement that could not be defeated. Many of the delegates sided with McBride in his denunciation. W. H. Crawford, a member of the state executive board, said in his territory the men were solid for 70 cents, but now the only thing to be done was to fall into line. Edmund Thomas, vice-president of Ohio, said he found that the miners in this state were solid for 70 cents. The result is not hard to

predict. The miners will pass resolutions accepting the 60-cent rate under protest, and a mild censure of officials will follow.

ACCEPT COLUMBUS AGREEMENT.

Ten More Mines Resume Operations in the Pittsburgh District.

PITTSBURGH, Pa., June 20.—Ten more coal works in this district resumed at the Columbus agreement, among them being one in the thick-vein region, where the operators refused to pay more than 52 cents per ton.

The mines at Manown are still idle. At a meeting of miners it was decided to go to work when the non-union men were dismissed, but the operators refuse to discharge them. Preparations are being made to start up at many of the pits and a general resumption is expected in a few days.

ALTOONA, Pa., June 20.—The coal operators of the Broad Top region were notified yesterday by District President Bradley of the mine workers that the agreement to resume at the compromise wages has been rescinded. By President Bradley's order none of the miners in this district went to work yesterday. Another convention will be held here on June 25.

Indiana Miners to Meet Again.

TERRE HAUTE, Ind., June 20.—Another convention of Indiana miners is called to meet here Friday. Six lodges at Linton and Dugger asked for the convention. The men who last Saturday were rampant to continue the strike in spite of the Columbus agreement are evincing a desire to reconsider their action. Telegrams have been received from mining centers asking for news from Ohio. The Indiana strikers are beginning to realize that there is danger of Ohio and Illinois totally eclipsing this state in the competitive market. The block men will hold a mass-meeting to-day at Brazil.

Four Passenger Trains Restored.

SPRINGFIELD, Ill., June 20.—The Chicago, Peoria & St. Louis railway will at once restore the four passenger trains laid off on account of the coal strike. This is the first road to resume complete passenger service in this section.

DANVILLE, Ill., June 20.—Local operators have signed an agreement to pay 60 cents a ton for mined coal and 45 cents for mine run. This relieves the coal famine in this city. The larger operators have come to no agreement. The operators offer 50 cents and the miners demand 60.

Desperate Fight in Alabama.

BIRMINGHAM, Ala., June 20.—At a late hour last night a desperate fight occurred between the deputies at the Mary Lee mines and a mob supposed to be composed of striking miners. Two of the mob were seriously wounded. The fight lasted two hours. None of the mob was captured. A passenger train on the Georgia Pacific Railroad was fired into last night near Day's Gap mines, but no one was hurt.

Trouble on the Gogebic Range.

IRONWOOD, Mich., June 20.—Mine employes have changed their minds regarding a strike on the Gogebic Range and yesterday nearly all the trammers, timbermen and common laborers at all the mines refused to go to work. It looks now as though a strike would be ordered. If a strike is ordered the unionists will undoubtedly attempt to prevent non-union miners from working.

No Money to Pay Militia.

MARTINSBURG, W. Va., June 20.—The cost to the state for keeping troops in the field at Eagle Station and Benwood during the miner's strike is \$10,000, and there is no money to pay the bill.

THE AUSTRIAN FLOODS.

Inundation the Worst Since the Year 1813.

VIENNA, June 20.—The inundation in the valley of the Waar is the worst that has occurred since 1813. Over thirty villages are submerged. The County of Lipt, which forms the upper part of the Valley of the Waar, containing about 268 square miles, has been converted into a vast lake. The money damage done by the flood is very large, and in many cases residents of the valley have lost everything they possessed. Evidence of destruction appear on every side. The carcasses of hundreds of cattle, sheep and swine are floating with the current, intermingled with wreckage of every description.

A dispatch from Cracow, Australian Galicia, states that floods in the Commune of Wolowice caused a dam to give way. Before the outflowing torrent of water could be checked 150 houses below the dam were swept away.

Breckinridge Going Back to Kentucky.

WASHINGTON, June 20.—Representative Breckinridge of Kentucky will leave Thursday for another campaigning trip in Kentucky, speaking at Monterey Saturday. Mr. Breckinridge has received a poll of the democratic voters in Henry county, showing a safe majority for him. This adds to the confidence he has heretofore expressed as to his nomination.

Estee Likely to Be Nominated.

SACRAMENTO, Cal., June 20.—The state republican convention assembled here yesterday. The convention is the largest in the history of the state, being composed of 845 delegates. It looks as if M. M. Estee had a sure thing on the nomination for governor.

LOOKED INTO A GUN HELD BY A WOMAN.

ROCKFORD MAN LEARNS OF WOMAN'S RIGHTS.

Tries to Drive a Female Tramp From a School House and Is Met by a Cocked Pistol—The Wanderer Was Full of Fight and Had No Fear.

ROCKFORD, June 20.—A. C. Chappell, one of the most prominent farmers in this vicinity, is willing to acknowledge that woman is making rapid advances in everything heretofore known as the prerogatives of man. Mr. Chappell looked down into the muzzle of a revolver in the hands of an angry woman the other day, and therefore his ideas in regard to the suffrage of woman are the results of experience in at least one particular.

Chappell is one of the directors of the district school south of the city. The other day he was told that a woman who looked like a female Coxe had been seen to enter the shed adjoining the school house and had not been observed to come out again. Mr. Chappell started to evict her when he saw a revolver, the hammer of which was up and the muzzle looking in the direction of the director. Mr. Chappell had heard of the tradition that a woman cannot throw a stone, but he had never heard that a woman could not shoot, so he retreated in good order.

BAD STORM IN NEW YORK.

Fatalities and General Damage Are Reported.

NEW YORK, June 20.—The hot wave running in this neighborhood for the last few days culminated yesterday in rain, mimic cyclones, hail storms, and bolts and balls of lightning. The early storm came from the southwest with a terrific burst of thunder and fierce lightning. It crossed the Hackensack Valley, going north into New York state. At Bergenfields, on the West Shore railroad, John C. Ferguson, 35 years old, a lineman for the Postal Telegraph company, was struck by lightning and knocked from the top of a high pole on which he was working. He was instantly killed. Samuel S. Hatfield, who lives four miles from Rahway, was milking cows in the barn when a ball of lightning struck a cow, nearly killing her. The hired man milking the cow was rendered unconscious and the hay about him was set on fire. The knobs on the cow's horns were nearly twisted off. Passing up into New York state the storm made havoc near Washingtonville. Lightning struck a valuable brood mare and three blooded colts owned by ex-Supervisor Thomas C. Brewster and killed them all outright.

The afternoon storm was more extended, and carried hail with it. This also passed over the Hackensack valley. The heaviest damage done by the storm in Paterson was the destruction of the roof of the mill of the Paterson Ribbon company, which was torn off by the wind and cast into the street. John B. Ayers, a Paterson grocer, was struck by lightning glancing from a tree, and has not since regained consciousness. John Ackerman, a motorman, was struck by lightning and thrown from his car. Fisher's silk mill at Lake View was struck by lightning. In the country around Lake View several barns were struck by lightning or blown over by the wind. In the vicinity of Chestnut Ridge, N. J., the storm assumed cyclonic force and uprooted trees and unroofed barns and outbuildings, throwing many of them down. Fruit trees were stripped of everything. Across the street line at Spring Valley, N. Y., the barn of the Glenhot was struck by lightning. It started to burn, but the village fire department checked the flames and saved the building, as well as the hotel. The steeple of the First Baptist church at Ninth and Bloomfield streets, Hoboken, was struck by lightning. Throughout Hoboken the force of the storm was felt considerably. James Curtis and a horse were killed by lightning in Weehawken, N. J. The storm was severe at Newark and Orange.

Killed by a Tornado at Chadron.

CHADRON, Neb., June 20.—At 2 o'clock yesterday afternoon a tornado struck this town. Several houses were unroofed and others blown flat to the ground, with fatal results. John F. Tenser was killed. The list of injured is as follows: J. P. Cook, Col. Gaylord and family, Robert Hood, Elbert Mead and Mrs. Wilson. It is thought that others are dead, as several persons are missing. The damage to property can not be ascertained at this hour, but it will rank well up in the thousands of dollars. The worst of the storm passed south of the city.

Cyclone in Iowa.

FORT DODGE, Iowa, June 20.—A cyclone passed over this city yesterday and partially destroyed the stations of Moorland and Callender on the Rock Island road, eight miles west of here. A farmer by the name of Goddard living between these towns was instantly killed. Several are reported injured and physicians from this city have gone to the scene. Thousands of dollars' worth of property is reported destroyed.

Crops Ruined in South Dakota.

PIERRE, S. D., June 20.—A terrible windstorm passed here yesterday morning, wrecking several houses.

BELOIT COLLEGE IN HIGH FEATHER.

DEDICATION OF THE GREEK CASTS TO-DAY.

Subjects Chosen by the Two Janesville Graduates, Malcolm Mout and Ed. J. Stevens—Commencement Exercises Close After One More Day of Addresses.

BELOIT, Wis., June 20.—The graduating exercises of the college class will be held 9 o'clock tomorrow morning. Twelve members will receive their sheepskins, among them being Malcolm O. Mout of Janesville who will deliver an oration—"The Reformer," and Edward J. Stevens, also of Janesville, who will discourse on "An American Triumvirate." The dedication of the Fisher collection of Greek casts took place this afternoon in the presence of immense audience. The casts were those exhibited by the Greek government at the Columbian exposition and were presented to the college by Lucius G. Fisher, Jr., of Chicago, in memory of his father, Lucius G. Fisher.

At noon to-morrow a commencement dinner will be served at Chapin Hall. The commencement exercises will close to-morrow afternoon with the dedication of the Logan Museum of Antiquities and an address by Dr. F. W. Gunsaulus, of Chicago.

GOSSIP FROM THE CAPITAL.

Berlin Conference Proceedings for the Public.

WASHINGTON, June 20.—At the opening of the senate yesterday Mr. Voorhees reported from the finance committee a resolution authorizing the translation and publication of the proceedings of the recent Berlin silver conference. The proceedings of the conference, Mr. Voorhees said, had been in this country less than forty-eight hours. The resolution was adopted.

Mr. Allen's resolution directing the secretary of the treasury to inform the senate as to the total number of persons engaged in protected industries in the United States whose wages are, or may be claimed to be affected by the tariff legislation encountered opposition on the republican side, as it had on several previous days. Mr. Allen said that it was not strange to him that those who claimed that every person in the United States was affected for weal or woe by protection should oppose the passage of a resolution that would determine how much falsity there was in that claim. The resolution went over.

The tariff bill was then taken up. At the request of Mr. Lodge the senate went back to paragraph 326, fixing the duty on matting and mats made of cocoa fiber or rattan at 20 per cent. He offered an amendment to restore the McKinley rate (12 cents per square yard on matting and 8 cents a square foot on mats, equivalent to 71 and 42 per cent respectively). The amendment was lost—25 to 3.

At this point several modifications proposed by republican senators to different paragraphs of the bill were proposed and accepted by Mr. Jones on behalf of the finance committee and the democratic side.

At the request of Mr. Allison the finance committee agreed to strike out from paragraph 190 the reciprocity provision admitting buckwheat, corn, cornmeal, oats, rye, rye flour, wheat and wheat flour free of duty from such countries as impose no import duty on such products exported from the United States. The finance committee also agreed to Mr. Allison's request to place eggs on the dutiable list at 3 cents per dozen.

Some unimportant amendments were adopted and the free list was then taken up. The finance committee amendment permitting the free entry of cattle, sheep or other domestic animals and their increase which have strayed across the boundary or been driven across for pasturage was agreed to.

Mr. Jones explained that the provision was intended only to apply to Mexican borders, where it was sometimes impossible to prevent animals from straying across the border and where it was sometimes absolutely necessary in time of drought to drive stock across the Rio Grande for pasturage.

The committee amendment striking from the free list beef, mutton, and pork, which have been placed on the dutiable list at 20 per cent was agreed to.

Mr. Peffer moved to also strike out "bacon and hams." The effect of the amendment would be to make bacon and hams dutiable at 20 per cent. The amendment was agreed to without objection.

In the coal paragraph "Bituminous and shale and coal slack or culm" were stricken from the free list.

The yeas and nays were demanded by Mr. Hill when Mr. Jones offered the committee amendment to strike iron ore from the free list. It was carried—53 to 4—Messrs. Hill, Allen, Peffer and Kyle voting in the negative.

Lard was stricken from the free list. Mr. Lodge moved to strike quicksilver from the free list and restore the duty of 10 cents per pound. Mr. Perkins said over \$30,000 of it was invested in quicksilver mines. The amendment was adopted.

Hill and Morgan (dems.) and Allen, Kyle, Stewart and Peffer (pops.) voting for it. Quicksilver was placed on the dutiable list at 7 cents per pound on the motion of Mr. Perkins without division.

Mr. Peffer offered an amendment to strike salt from the free list and make it dutiable at 5 cents per 100 pounds. At this point the senate went into executive session and a few minutes later adjourned.

WILL RUSH TARIFF BILL.

Leaders of the House Preparing Plans for Handling the Measure.

WASHINGTON, June 20.—The tariff leaders of the house are preparing to handle the tariff bill expeditiously when it comes back to the house. No definite program has as yet been arranged, but the plans have matured sufficiently to satisfy those in charge of the bill that there will not be another long-drawn-out debate. If need be a series of special rules will be presented to close debate on the various schedules and then a final rule to wind up the whole question. Such a course will be adopted, however, only in case the debate gives promise of becoming interminable. It will not be used to limit a reasonable discussion of the senate changes.

Members of the ways and means committee expect the bill to be returned to the house within the next ten days. Representatives Turner and Tarnsey of the committee say it will be back by Saturday or Monday next. It is expected, however, that there will be several days delay after the bill passes the senate, in order that a careful revision of the senate changes may be made and a new print of the bill issued. Representative Breckinridge of Arkansas, a member of the committee, says the first step in the house on the receipt of the bill will be to refer it to the ways and means committee. This body will take several days, perhaps a week, in carefully going over the bill and determining the policy to be adopted toward it as a whole and in detail. Thus far there has been no desire to fix a policy, as it was likely to be construed as improper influence on the senate. But with the senate's work complete, the house members will go over the bill in detail to see how far they will recommend an agreement with the senate. The determinations of the committee will be largely advisory to the house, but they are likely to fix the future program of the conference, to be recommended to Speaker Crisp for his appointment.

ANTI-OPTION DEBATE.

Speeches for and Against the Bill in the House Yesterday.

WASHINGTON, June 20.—Representative Aldrich made one convert as a result of his speech yesterday against the anti-option bill in the person of Congressman Johnson of Dakota, who is a large wheat grower. That gentleman declared the remarks made by the Chicagoan the best yet heard in opposition to the bill, and, although he had supported the Hatch bill two years ago, he would be found among its opponents in this congress. Mr. Aldrich's speech was very long and was in reality the answer of the board of trade to the bill.

Mr. Coombs of New York spoke in opposition to the measure. The bill was ostensibly drawn in the interest of the farmers, he said. This was a populist measure and as populism was the natural outgrowth of republican paternalism the bill should have come from that side of the house.

Mr. Sibley of Pennsylvania followed in defense of the bill. The bill, he said, might not be according to a strict construction of constitutional law, but there was a higher law than that—the law of self preservation.

Mr. Fletcher (rep. Minn.) next spoke, and presented several letters from dealers in grain protesting against the passage of the bill.

The bill to amend the act for the relief of the civilized Chippewa Indians in the state of Minnesota passed the house.

GLADSTONE CAN NOT COME.

Ex-Premier Talks of Alleged Invitation to Visit the United States.

LONDON, June 20.—A representative of the Associated press called upon the Rt.-Hon. Wm. E. Gladstone at Dollis Hill in reference to the invitation said to have been extended to the great English statesman to visit the United States. The representative was informed that Mr. Gladstone had not received any such invitation and that he did not know of any movement in that direction except from what he had read in the newspapers. Mr. Gladstone added that he regarded it as impossible that he should be able to visit the United States, and expressed the belief that the gentlemen said to be at the head of the movement were aware of this and that they merely intended the invitation as a compliment.

LOST IN CLOUDBURST.

Three People Perish in a Flood at Turtle Creek Valley.

BRADDOCK, Pa., June 20.—A cloudburst visited the Turtle creek valley yesterday afternoon, destroying growing crops and hurling houses from their foundations. The loss of three lives is reported. The stormcloud covered an area six miles long by two or three wide. Eight houses there were picked up by the current and borne with it. John Hodovisky, a miner, while running to the hills fell into Plum creek and was drowned.

STEALING HORSES A CAPITAL CRIME.

TWO NEGRO PRISONERS EXECUTED IN KENTUCKY.

Lynchers Decided That Human Lives Were None Too Dear To Pay the Penalty for Barn-Breaking—They Will Soon Hang Men for Being Homely.

GALLIPOLIS, Ohio, June 20.—Archie Burt and William Haner, colored, were lynched last night in Mason county, Kentucky, for stealing horses and sheep.

ANOTHER A. R. U. ALLY.

Political Action Said to Be Contemplated.

CHICAGO, June 20.—One million men, members of the Farmers' Alliance, are on the point of alling their forces with those of the Knights of Labor and the American Railway union. T. B. McGuire, member of the general executive board of the Knights, was in Chicago yesterday and held a brief conference on this subject with President Debs of the American Railway Union. The tripartite agreement soon to be entered into between these three great organizations, whose united forces will number 1,500,000 citizens of the United States at the end of the current year, has for its primary object the formation of a party for independent political action. As an indication of this the determination of the general officers of the American Railway union to send representatives to the convention to be held at the capitol building in Springfield, Ill., July 2, 3 and 4 is particularly suggestive.

The platform to be submitted at Springfield is that agreed upon at the last convention of the American Federation. It comprehends the following topics:

Compulsory education. A legal eight hour workday. Sanitary inspection of workshop, mine and home. Liability of employers for injury to health, body or life. The abolition of contract system in all public work. The abolition of the sweating system. The municipal ownership of street cars and gas and electric plants for public distribution of light, heat and power. The nationalization of telegraphs, telephones, railroads and mines. The collective ownership by the people of all means of production and distribution. The principle of referendum in all legislation.

Archbishop Ireland to Be Cardinal.

MILWAUKEE, Wis., June 20.—Word is received here that Rev. Charles Koerber of St. Paul has been elevated to the bishopric of St. Cloud, recently made vacant by the elevation of Dr. Zardetti to the Archbishopric of See of Bucharest. It is also rumored in Catholic circles that the Rt. Rev. John Ireland, archbishop of St. Paul, has been elevated to the cardinalate and that the news of his promotion was the occasion of his sudden call to New York.

Big Steamer Ashore.

NEWPORT, R. I., June 20.—The steamer Plymouth of the Fall River line is ashore on the south end of Rose Island.

May Seize German Vessels.

PORT TOWNSEND, Wash., June 20.—By the latest reports from the Bering sea fleet, brought down by the steamer Queen, it is learned that there is more than a possibility of international complications arising in regard to the authority of the American fleet over vessels flying flags of other nations than the United States and England. Commander Clark has received reliable information that sealers flying the flags of Norway and Germany have cleared for Bering sea. If they enter the sea they will surely be seized.

Cree Sun-Dance Is Ended.

HAYRE, Mont., June 20.—The Cree sun-dance has just been concluded here, after going on for three days. A young Indian has slits cut in his shoulders and to the inserted thongs were tied four buffalo skulls, which he dragged after him. Eighty pieces of flesh were cut from his arms, to be kept as tokens.

Opposition to Kelley's Army.

INDIANAPOLIS, Ind., June 20.—Gov. Matthews has taken a bold stand in opposition to Kelley's "Industrial army," which is now going up the Ohio river, landing at every large town on the Indiana side and demanding money. Last night the governor received telegrams from New Albany and Jeffersonville asking him if he would order out the militia to prevent the landing of the "army" if called upon to do so. He declared he would at any time.

MADE FOLKS IDIOTS THE PASTOR SAYS.

PROFESSOR FLINT HELD TO BE DANGEROUS.

Man Who Was Exposed in Janesville Has Had Things All His Own Way in Rockford, and the Clergy Are Now Demanding That He Be Checked.

Professor Flint, who flattened out so miserably in Janesville, has been holding Rockford in the hollow of his hand. So great a sensation have his entertainments made that the ministers of the town are up in arms. Rev. F. Y. Pierce, of State Street Baptist church, made Flint's hypnotic experiments the theme of his sermon last Sunday and said in part:

"This man Flint took subjects whom he could get easily under his control and paraded them before the people deprived of their minds. They were simply idiots in this condition, no more, when under his influence. When this fact is considered the entertainments do not seem to be so funny. It is the natural law of psychology that when a mind has once yielded, has been once broken down, it continues to descend in almost geometric sequence. Therefore these so-called entertainments, forming as they did the breaking down of the mind, the first yieldings to a power like that possessed by Flint, are bound to prove harmful to the subjects who placed themselves in his power. I have proofs of what I say. One case has come to my notice in which the evil effects of this hypnotism are already being seen. It is that of a mere boy who placed himself under the professor's influence. He has been weakened in mind ever since and from present indications the injury will prove permanent. He was in such a condition after being brought out of a trance that he cried and begged the professor to place himself under the hypnotic influence again so he would not feel so bad.

"Here is an instance which came to me through reliable source," continued Rev. Pierce, "and I am certain that it occurred although not under my personal observation as did the first. In an ice cream parlor, after one of the performances, Professor Flint and his daughter entered and sat down at a table. At another table was a young man who had proven exceedingly susceptible to the influence. He was eating ice cream with a couple of ladies. The professor by making use of the power he had over the mind of the young man drew him away from the young ladies and made him sit at his table and converse with himself and his daughter. That simply illustrates that when a mind has once yielded it may be more and more easily influenced afterward. Just think what a power a man with a mind like Flint's could exert for evil if he chose."

Flint's Rockford experiments were precisely like those which were exposed by one of his company in Janesville. The stone-breaking, tongue lashing and arm-piercing tests were hailed with usual applause.

TEA AT BUCKLETON FARM.

Charming Entertainment Given by Mrs. Woodruff and Mrs. L. H. Becker.

Prettier parlors than were those in which Mrs. H. S. Woodruff and Mrs. L. H. Becker received their friends last evening would be hard to find. Roses hid the mantles and there were great clusters in bowls about the house. Buckleton farm is a beautiful spot at any time and with the big house illuminated and the verandays filled with pretty girls in dainty costumes it was a picture long to be remembered.

The entertainment was in honor of Mrs. Henry C. Smith, of Helena, Montana. Tea was served at 6 o'clock and later there was whist in the spacious rooms. In the midst of the fun a band of gypsies appeared—Miss Jessie Inman, Miss Louise Crosby, Miss May Valentine, John Day and Harry Welch. The leader of the band told fortunes with a prophetic accuracy that made a sensation. During the evening there was music by the Orpheus Mandolin club—George Bauman, Harry Haggart and Richard Barlow, mandolins, and Charles Johnson and George Robinson guitars.

FUNDS NEEDED BY THE Y. M. C. A.

Directors Must Have Money to Keep the Work From Pausing.

The work on our new Y. M. C. A. building is advancing and we are unable to satisfy the demands of our contractors. We therefore, appeal to our present subscribers who have not realized the importance of remitting at once, that now is the time we need your help most. To those who are not subscribers the welfare and prosperity of the work is a sufficient appeal to make at once a subscription such as circumstances will allow, be it great or small.

The board of directors, like yourselves are business men, and while giving all their spare time to the work are unable to see all personally, so do not wait. Give in a cheerful and generous response placing the money to the credit of the Y. M. C. A. at the Merchant & Mechanics bank in order that our building may be completed and occupied at the earliest possible date.

RALLY OF THE THIRTEENTH.

Janesville Veterans Go to Clinton to Attend the Annual Gathering.

Veterans of the Thirteenth Wisconsin Infantry occupied the platform at the Northwestern depot this morning when the 8:05 south bound passenger train arrived from the north, the gray-haired boys being bound for Clinton to join the annual reunion of the regiment. H. M. Weaver occupied a prominent position with his snare drum. By his side stood Dr. Smith, J. B. West and Mr. Lovejoy, of Evansville; Messrs. King and Stockwell, of Albany; Alex Campbell, of Edgerton; H. Wilhelm, S. B. Clemons, Frank Pellat, William Marsden and John Littlejohn, of this city. Mrs. S. B. Clemons and Mrs. H. M. Weaver accompanied their husbands. The boys anticipated a pleasant meeting with their old comrades.

HALL'S BIG GORILLA AT LARGE.

Four Hundred Men and Boys Chase It Over the Hills.

During the performance of Hall's circus at Hartford City, West Va., a huge gorilla escaped from his cage in the side show and a panic ensued. The animal took to the surrounding hills, pursued by three or four hundred men and boys armed with weapons of war. His favorite sport seemed to be in tearing up a dozen or two young trees, with which he stood off the crowd. His capture was effected he had wound his chain so tightly around his body that he could do no damage.

PICNIC AT FOUR-MILE BRIDGE.

Congregational Sunday School Will Go Up the River Friday.

Picnic grounds at Four Mile bridge have been selected by the Congregational Sunday school for next Friday's outing. Two steamers, the Columbia and the Enterprise, will leave at 2 p. m. taking members of the school and their friends to the bridge. At 6 o'clock the boats will take the party up the river as far as possible. Adults will be charged twenty-five cents, children of the Sunday school being carried free.

Buy Your Lot and Get a Free Ride.

Next Friday night the great excursion to Columbia will take place via the Chicago & Northwestern Railway. The special excursion train will leave here at 11 p. m. Friday night, arriving there Saturday morning. A grand time is anticipated. Over 100 people have already agreed to go, and inquiries are coming in thick and fast. It will be one of the largest excursions that ever left Janesville. The object of the excursion is to prove to all that Columbia is one of the most desirable towns in the state in which to locate, and that land in Clark county, Wis., is all that it is claimed to be. All those desiring to go must make arrangements on or before six o'clock Thursday evening in order that suitable traveling accommodations may be secured.

COLUMBIA IMPROVEMENT CO., Janesville, Wis.

Considerable interest is manifested in the forthcoming concert picnic to be given by the Concordia society at Crystal park next Sunday. Smith's orchestra will play from 11 o'clock until late in the afternoon. There will be chorus singing, games of various kinds and a shoot for a red, white and blue sheep. Both the Columbia and Enterprise will run every half hour.

VACCINATION LAW HAS BEEN CHANGED

SCHOOL REGULATIONS ARE ALTERED IN SOME RESPECTS.

Board of Education Is To Be Held Responsible for the Enforcement of Sanitary Precautions Instead of Putting That Burden of Responsibility on the Teachers.

A change has been made in the rule enforcing vaccination in the public schools. Instead of making the teachers responsible for the enforcement of the rule, the school boards and the boards of education are to be held responsible hereafter. It was found that as it now reads there was a frequent conflict between school officers and teachers, the latter claiming that they were not being backed up in many instances. The state board of health takes the ground that a teacher is simply an executive officer to carry out the wishes of the school boards.

Another very important modification of the rule is to permit evidence of repeated vaccination in admitting children to school. At present a successful vaccination is necessary. Hereafter a certificate of a physician that a child has twice been vaccinated is good for a year, at the end of which time another effort to vaccinate must be made.

SAYS A CITY HALL IS NEEDED

Tax Payer Thinks There Should Be No Delay In Building.

EDITOR GAZETTE: I have canvassed the city hall question pretty thoroughly and find the project meets the approval of our best citizens. I am, as you know, much more than an average tax payer and have no personal benefits in any form to expect. But as a citizen I am more than pleased to find this question of having a city building at the S. L. James corner. This is the only location in the city that is in every way fit for the city hall. The building will accommodate the municipal court, the public library, the sheriff's office &c. Just as soon as completed, the rents now being paid by the city will more than pay the interest on the \$13,000 needed for the purchase of the six lots. Besides there are several other rentals which will accrue to the financial benefit of this important, long-desired building.

Let us have this building by all means. Let the selfish kick and enjoy the fun as no one's shins will in any way suffer by one-sided selfish kicking. I sincerely hope that those advocating the enterprise will not stop until the lots are bought and the city hall is a settled fact and receive the thanks of all good enterprising citizens as they surely will.

The Sheriff Has an Agile Little Jersey at the Jail.

EDITOR GAZETTE:—Our Joe, the sheriff, has a phenomenal Jersey cow. Besides being one of the best in the country as a butter animal, &c., this same little pet, Jake Bender's pet, is quite a climber. She can't climb a tree yet but yesterday she did climb to the top of the eight-foot wood pile and stood looking over the eight-foot fence for her keeper, Jake. She follows him anywhere and everywhere.

VANKIRK TO BE BOSS ON JULY 4

Wide Awake Second Ward Man Will Be President of the Day.

W. T. Vankirk will be the president of the day July 4; the Amphion quartette will sing, and louder even than the scream of the eagle bird will sound the report of the cannon.

Plans were completed at the meeting of Fourth of July committees last night.

Chairman A. E. Rich presided and George D. Simpson kept the minutes. Charles S. Putnam, from the committee on fireworks, reported that he and Charles P. McLean had visited Chicago and made their selection, and promised a splendid display on the evening of the Fourth. The set pieces and other designs will be set off from the corn exchange square, as well as the court house park, and a large amount will be used in the Mardi Gras carnival at night.

W. T. Vankirk donated a keg of powder to be used on that day in firing the big cannon.

When the matter of a quartette was broached E. O. Kimberly declared against singing for nothing. He thought singers were as much entitled to receive pay as the bands. John M. Kneff was of the opinion that he could get the Amphion quartette to sing on that day, and he was appointed a committee of one to try and secure the services of the Amphions. He was successful.

Many words of praise were spoken by the committee in behalf of the Light Infantry, the company having agreed to stay in town, join the parade and assist in rendering the "Recollections of War" by the Monroe band in the evening, which otherwise could not be given.

The meeting adjourned until Tuesday evening of next week, June 26 at 8 o'clock, at the same place.

JUNCTION CHURCH REFITTED.

Janesville Firm Has Charge of the Frescoing—Address on Mormonism.

MILTON JUNCTION, June 19.—The interior of the S. D. B. church is being repaired. Services were held in the basement last Sabbath. A firm from Janesville have the job frescoing. The west side of the church which was injured by the wind storm several years ago is being newly plastered. Mr. McClafferty remains about the same. He seems at times to be possessed with the idea that he must get up and go, and does, sometimes in spite of the attendants. He even got as far as his store once.

Mrs. Henry Monroe is quite sick. Her husband is bedridden. A daughter is taking care of them. There is sickness in the family of Mr. Stone's. Dr. and Mrs. Hull and the new baby visited with Dr. Hull's parents in the town of Johnston last week. Undertaker Coon was called to the town of Lima Monday by the death of the aged father of Clark Palmer, also the father of Mrs. Stone, mother of Mrs. Ainsley Thorpe. The funeral will be held Tuesday afternoon. Mrs. Miner has a lady friend from Chicago visiting her. A good many strawberries spoiled on the vines during Saturday and Sunday. Mrs. I. W. Babcock visited at Herbert Coon's at Janesville Saturday. Mr. and Mrs. Pierce returned from Oshkosh on Monday. Little Mamie Coon is sick, with Dr. Ella Crandall, of Milton, in attendance. Mr. and Mrs. Johnson, who live on Golden Lane, welcomed a new baby to their home last Wednesday. Ed. Butts, of Delavan, and his brother and brother's son from Evansville, were here Monday. Mrs. Judd, of Edgerton, and Mrs. Poole, of Duluth, with two other ladies were calling in Milton Junction Monday morning. Owing to the rain Sunday night Rev. Summers did not deliver his discourse on Mormonism, but will do so at a favorable opportunity. The ladies of the M. E. church are talking of purchasing a new communion set and other fixtures for the church. If anyone has items of news they would like to have printed in the Gazette with Milton Junction items they can do so by leaving them at the post-office, box 278.

Brief Bits From Porter.

PORTER, June 19.—Miss Statia Hayward, of Evansville, spent last week with friends here. Miss Maggie Walsh, of Janesville, is the guest of her friend Maggie McCarthy. The "long-looked-for and much-talked-of" rain reached this place on Saturday evening at 6:30 o'clock sharp. Miss Minnie Hayward, of Evansville, closed a very successful term of school in the Eagle district last Friday with a picnic which was a very enjoyable affair. A large crowd was present and a very nice program was rendered. Miss Hayward will spend her vacation visiting friends in Minneapolis and Pelican Rapids, Minn. Don't fail to attend the Porter club dance in Fulton next Friday night. A good time is anticipated. Miss Jennie White has a young lady friend from Whitewater, visiting her. Quite a number of farmers are setting tobacco this week.

E. CHADWICK'S ESCAPE FROM THE COUNTY ASYLUM.

Feigns Illness, and on the Score of His Lame Back Is Allowed Unusual Privileges—When Next Heard From He Was in the Hands of Fond du Lac Police.

E. Chadwick's lame back got him out of the Rock County Insane asylum. When he got loose the lameness disappeared rapidly and today Sheriff Bear will bring him back from Fond du Lac. Chadwick is an insane patient but his mania is a harmless one. He complained of having a very severe pain in his back and was given a little liberty on that score. How much he deserved a favor is shown by the fact that when the roll was called at night he did not answer. Search was at once begun. Chief of Police O'Connor of Fond du Lac yesterday notified Janesville officers that he had Chadwick and would hold him for orders.

Chadwick once practiced law at Beatrice, Neb., and represented that district in the state legislature. While playing with the Fond du Lac nine, in 1869, he wrote "Chadwick's Baseball Guide."

The kidneys, separate from the blood, as it passes through them, impurities for which the final medium of liberation from the system is the bladder. When their function is suspended, direful results ensue. Among these are dropsy, Bright's disease, diabetes and malades which terminate in some one of these. Hostetter's Stomach Bitters stimulates the kidneys not as an unmedicated alcoholic stimulant would by exciting them, but by gently impelling them to renewed action and perpetuating their activity and vigor. Thus the blood is once more insured purification and the organs themselves saved from destruction. Malaria, constipation, liver complaint, nervousness, dyspepsia and rheumatism are all thoroughly remedied by the Bitters, which is, moreover, a most thorough appetizer, general tonic and sleep promoter. Use it regularly, lot semi-occasionally.

2. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano company can make.

3. The contest will close June 30, at 9 p. m. Piano will be delivered as soon as the counting of votes is completed.

4. Any person who will bring the Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

Could anything be fairer? The Gazette wants subscribers. The Shaw piano is seeking friends. Let us rally our energies and make the closing days ring with hurrahs for the favorites.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

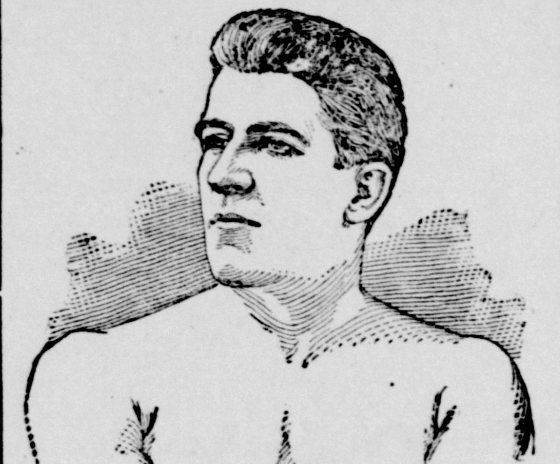

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the best writers of the age.

You can save

six cents a can by using the new **Horsford's** Baking Powder, because it requires less quantity than any other.

1837—William IV of England died; accession of his niece Victoria.

1867—Alaska acquired by the United States for \$7,200,000.

1870—Santa Anna, general dictator, president, etc., of Mexico for many years, died at his estate of Mango Clara, born 1795.

1877—Great fire at St. John, N. B., covering an area of 200 acres in the heart of the city; loss estimated at from \$10,000,000 to \$15,000,000.

1865—Dr. Charles H. Zukertort, famous chess player, died in London; born 1843.

1891—Sudden heat, with tornadoes and cloudbursts, in western states.

CLEVELAND SUGGESTING EVIL.

The New York Sun continues to make life miserable for Mr. Cleveland. Reviewing the outbreak among the strikers for the preceding four weeks, it shows that in his published speeches, letters and addresses, Mr. Cleveland has encouraged and suggested these insurrectionary proceedings. His public utterances have expressed sympathy for the war of labor against capital and incited ignorant men to acts of outrage and crime.

Here are some of Mr. Cleveland's expressions on the subject, as compiled by the Sun:

"The vast accumulations of a few among our citizens, whose fortunes rival the wealth of the most favored in anti-democratic nations, are not the natural growth of a steady, plain and industrious republic."

"The laboring man is thoughtfully inquiring whether, considering the tribute he constantly pays into the public treasury as he supplies his daily wants, he receives his fair share of advantage."

"Scenes are enacted in the very abiding place of high protection that mock the hopes of toil and attest the tender mercy the workingman receives from those made selfish and sordid by unjust government favoritism."

The railway system of the United States, according to Mr. Cleveland, is a "scheme perpetuated for the purpose of exacting tribute from the poor for the benefit of the rich."

"Our consumers," said Mr. Cleveland in a speech in Boston less than three years ago, "those of moderate means, and the poor of the land, are too much neglected in our national policy; their life is made too hard for them."

Mr. Cleveland in a special message to congress informed the miners of Uniontown and of Mill Creek that "the discontent of the unemployed is due in a large degree to the grasping and heedless exactions of employers."

The miner's constitutional right to work and earn a living for himself and his family was as nothing in the sight of Mr. Cleveland's "oppressed poverty and toil, which, exasperated by injustice and discontent, attacks with wild disorder the citadel of rule."

"Our cities," wrote the president in December, 1888, "are the abiding places of wealth and luxury. Our business men are madly striving in the race for riches, and the immense aggregations of capital outrun the imagination in the magnitude of their undertakings. Upon a more careful inspection we find the wealth and luxury of our cities mingled with poverty and wretchedness and unremunerative toil."

"Accumulations of property are largely built upon exactions from the masses of our people. The gulf between employers and employed is constantly widening, and classes are rapidly forming, one comprising the very rich and powerful, while in another are found the toiling poor. As we view the achievements of aggregated capital we discover the existence

of trusts, combinations and monopolies, while the citizen struggling far in the rear, or is trampled to death under an iron heel."

The Sun maintains that these incendiary sentiments of the man who is now president had much to do with stirring up hatred and initiating the war which has now commenced.

As The Sun puts it: "He has implanted socialistic and anarchistic ideas solely with a view to a momentarily favorable effect upon his own political fortunes, and the fruit is seen in the torch, the bomb, the bloodshed, and the countless acts of violence of the last four weeks of widespread rioting."

KNIGHT AND VILAS, PINE BARONS.

Colonel J. H. Knight and Senator Vilas are in hot water, as usual, and pine lands are the cause. Colonel Knight denies that he took advantage of his position as commissioner of public lands to get hold of desirable timber. Naturally he would deny it, for section 452 of the Revised Statutes of the United States, prohibits any officer, clerk or employee of the general land office from directly or indirectly purchasing or becoming interested in the purchase of any of the public land.

Does Colonel Knight's denial hold water?

An investigation by the Milwaukee Sentinel reveals the fact that during Colonel Knight's term as register of the Ashland land office there were 49 entries of land in Mr. Vilas' name, five in the name of the Superior Lumber company, which was incorporated January 3, 1881, by John H. Knight and two other incorporators, and eight in the name of William Knight, Col. Knight's brother. The proof that Col. Knight was a party to some of these transactions is this: The entries in these names end with February 28, 1883, or one month before Col. Knight left the office which he had held as a republican, and at once became a democrat. Col. Knight paid the taxes as the records in the office of the Ashland county treasurer show, on all the lands entered in the names of Mr. Vilas and William Knight, and part of the taxes on the lands entered by the Superior Lumber company; and while nothing in the offices of the registers of deeds for the counties of Ashland and Bayfield shows that Mr. Vilas ever conveyed to Colonel Knight any interest in the lands which Mr. Vilas entered, yet Colonel Knight appeared as Mr. Vilas' partner in several sales, made after Colonel Knight left office, of land entered during his term of office.

Colonel Knight should explain again and should call upon Senator Vilas for any details that he is not able to remember.

FOUR TRAMPS HAD A KEG OF WINE

Officers Are Trying to Find Whom It Was Stolen From.

Officer Kruse and Turnkey Griffey arrested a quartet of tramps in Bailey's woods last evening. The quartet were nestled around a ten gallon keg of wine, and were having a joyous picnic in the shady wood. Officer Kruse at once declared that the keg and contents were "contraband," and accordingly turned the goods over to Sheriff Bear with the tramps.

This afternoon the tramps were arraigned in the municipal court, charged with being vagrants. Each pleaded guilty and got ten days in jail. This will be sufficient time for the officers to trace up the keg of wine and find the owner or shipper.

"I think the tramps threw the keg from a freight train, and then went back and picked it up," said Chief Acheson. "The ten days will give the officers time to find out more about it."

ODDITIES OF ETIQUETTE.

In Holland a lady is expected to retire precipitately if she should enter a store or a restaurant where men are congregated. She waits until they have transacted their business and departed.

Ladies seldom rise in Spain to receive a male visitor, and they rarely accompany him to the door. For a Spaniard to give a lady—even his wife—his arm when out walking is looked upon as a decided violation of propriety.

In Sweden, if you address the poorest person on the street you must lift your hat. The same courtesy is insisted upon if you pass a lady on the stairway. To enter a reading room or a bank with one's hat on is regarded as a bad breach of manners.

WILLIAM COWLE IN THE CITY
LAST NIGHT.

Hall on North Main Street Was
Crowded to Hear an Address On
the Purpose of the Order—Rev. Mr.
Plantz made President of Lawrence
University.

WILLIAM COWLES of Whitewater,
lectured last evening on the Ameri-
can Protective Association at the as-
sociation rooms, on North Main street.
There was a large attendance, nobody
being admitted except by ticket. Mr.
Cowles was conservative in his lecture
contending that the American Protec-
tive Association was not a secret
order, and that there was, but one re-
striction on membership. The order
was open to all nationalities and
creeds, except Catholics. The Hiber-
nian society restricted its mem-
bership to Irishmen, and the Irishman
must be a Catholic in order to become
a member. The American Protective
Association was not a political or a
religious association, the members be-
ing composed of all nationalities and
creeds except one.

REV. SAMUEL PLANTZ, for years a
resident of this county was chosen
president of Lawrence University yester-
day. There were twenty-two ap-
plicants. Mr. Plantz graduated at
Lawrence university in 1880, and Bos-
ton School of Theology. He pursued
a post-graduate at Boston university
and received the degree of Ph. D.
Subsequently he pursued philosophical
studies in the University of Berlin,
Germany. He is now pastor of one
of the leading churches of Detroit.

prices.

GEORGE EHRLINGER, formerly of
Janesville but now of Whitewater and
Miss Augusta Stumm of this city, will
be married at 8 o'clock this evening at
the home of the bride's mother, 211
Franklin street. Both young people
are well known and many friends will
extend congratulations.

HORSEMEN and all visitors who de-
sire to take home some souvenir of
Janesville, will find a lot of pretty and
suitable things just across the road
from the Myers' House, at A. F. Hall &
Co's, "the reliable jewellers." If they
have what you want, the price will be
right.

Minn. Coupon, H. D. McKinney's Di-
rector Chief youngster, was picked as
the favorite last night, and sold for
\$10 against a \$6 field.

There were only five starters in the
two-year-old class. Baronella had
the pole; Bella Bells 2d; Coupon, the
favorite, third, and Mediumwood
fourth, Wilton G. McHenry's cele-
brated colt and Plenipotent being
drawn. Coupon took the lead at the
start and kept it until the stretch was
reached when he swerved to the right
and breaking fell behind Medium-
wood, nearly colliding with Dunbar's
sulky and finished behind the Birch-
wood.

MADE FAST TIME IN A SLOW CLASS.

Horses in the 2:50 Class Swifter Than
27 Flyers Yesterday.

That this year is one of surprises in
the trotting horse business is shown
by yesterday's results. You can't tell
by his appearance how far a frog will
jump; neither can you tell by a glance
how fast a trotter will go. The
natural supposition would be that
2:50 trotters would make their mile
in about 2:30 or a shade under per-
haps. The same line of reasoning
would result in the prediction that
2:27 trotters might get down to 2:20.

Just how much you can tell
about it was shown by the
fact that two heats in the
2:50 class yesterday were faster than
two heats in the 2:27 class and the
best heat in the latter was but a
quarter second faster than that of the
slow class. Jersey Belle won in the
2:50 class purse in 2:27½, 2:21 and
2:23½. Esperanza won the 2:27 class
purse in 2:26½, 2:23½ and 2:25½.

It was this state of things that led
T. J. Dunbar, the jolly Milwaukee
driver to remark:

"These 2:50 horses going nearly
three seconds faster than the 2:27
class tends to discourage honest horse-
men from entering in slow classes"
and thereupon merriment followed.

NOTES FROM THE TRACK.

cago horseman, who seldom misses a

creating consternation in the camp.
Competitors cannot understand it but
our customers do, we buy for cash
and sell likewise, take advantage
of all discounts, and are meeting the
approval of the masses. Our sales-
books show it. We will give a new
bargain every day for twelve months.

HIGH SCHOOL PLANS COME UP TO-NIGHT.

VIGOROUS COMMENCEMENT ON
A NEW BUILDING.

BROOKLYN WOMEN AND THEIR JOYS.

TURN FROM HOME DELIGHTS
TO POLITICS.

The New Dispensation has Introduced
a Powerful Impetus for the Study of
Public Affairs—Clubs With Omenous
Names.

THE PAST YEAR has seen an emphatic change in Brooklyn. Up to last fall, dating back to the days of its Dutch foundation, which was almost coincident with the beginnings of Manhattan island, the City of Churches was esteemed as a domestic town par excellence. Its feminine seminaries were famous for their conservatism, and parents widely distant took a pride in sending their daughters to them. Wife, mother and household were the words that could have stood as the inner significance of the municipality's motto. In fact, the favorite phrase was, "A City of Homes."

But now the new dispensation of woman's progress has become the marrow of Brooklyn's life. The handful of women who for the past twenty years have been carrying on the Brooklyn Woman Suffrage association and the Woman's club suddenly find themselves no longer alone, but hailed as prophets with a good deal of

honor. What is stranger still—all this has come about in so short a time—it is not the elder women alone, nor even the young matrons, that are the most enthusiastic supporters of the new vogue, but budding girls just out of school and debutantes who have just had their first peep into the world.

That question which has been made the question of the hour this past month—woman's suffrage—had nothing to do with it, for the new movement of Brooklyn girlhood was inaugurated long before the first petition to the constitutional convention was even made ready. Besides, comparatively few of these young women declare that they want the ballot. Most of them candidly confess that they would rather not be bothered with it. What they want, what they are crying for, is an insight into public affairs, a broad knowledge of city, state and national government, wider interests and enthusiasms than those which occupied the girlish days of their mothers.

With this purpose in mind they have gone ahead, and in three separate sections of the city have formed civic clubs, meeting twice each month; sometimes debating in a secret session upon topics of the day, again occasionally getting prominent men to lecture to them.

The movement would not be nearly so interesting or prominent if its force were not so pronounced. It is not a fashionable frivol, for the members of all three clubs are very serious. They talk very little about their work, but they crowd the parlors wherein they meet. Without an exception all are daughters of wealthy and old families of Brooklyn. The social test has been rigidly applied in all instances. The three clubs altogether have nearly three hundred members on their rolls, and there are few young women in the "charmed circle" of the Hill, Bedford, the Park Slope, South Brooklyn or the Heights whose names are not enrolled

The Civitas was the first of these clubs to be founded. The Kosmos and the Urbana have followed rapidly on its heels. The Civitas is by far the largest and most powerful of the trio, and now can not number far from 150 members.

Many things are practicable in Brooklyn that could not come to pass in any other city of the country

There are several social sets there, but they keep in touch with one another. A very few people kept the pace. And of these few the Dikes are the most powerful and potent.

Mrs. Camden C. Dike, from her residence on Columbia Heights, has furnished the impetus for the successful carrying on of many charities, and is regarded as the most competent manager in Brooklyn for charitable entertainments on a large scale. Her name is more frequently used as a "patroness" than that of any other woman in Brooklyn. Her daughters, Miss Jessie Dike and Mrs. Murray Babcock (Miss Miriam Dike that was), are replicas of their mother in tact, in popularity and in capacity. It was in this way that the younger women's clubs got their initiatory start, and because of this that they are now a permanent, established success.

As a matter of history the Civitas was founded at a "parlor talk" at Miss Maltby's residence on October 31. The whole meaning and spirit of these three clubs will be best understood when it is said that all their meetings are little else than "parlor talks." They are assemblages of fashionably bonneted and frocked young women, the great percentage of them pretty, and no unseemly parliamentary wrangles are ever heard at the debates or during the progress of the essays. It is said the Civitas has a gavel, but it is very seldom used. It is even more infrequent than the swell receptions the club has been guilty of once or twice during the course of its existence.

Miss Jessie Dike is the Civitas' president. Her aids in office are as follows: Vice-president, Miss Ada Gibb; secretary, Miss Edna S. Doughty; treasurer, Miss Marie D. Fahys; senior director, Miss Katherine L. Maltby; directors, Miss Mary H. Chittenden, Miss Mabel V. Dickinson, Mrs. Murray Babcock, Miss Florence Guertin, Miss A. Bessie Jones, Miss Helen B. Post, Miss Elizabeth H. Packard and Miss Susie B. Woodward. The advisory board, made up of older women, is this: Mrs. L. Hastings Arnold, Mrs. Tunis G. Bergen, Mrs. Camden C. Dike, Mrs. Joseph Fahys, Mrs. John Gibb and Mrs. James Scrimgeour.

Various topics have been taken up through the winter—amusements, health, civil cleanliness, education, governments, courts, prisons, newspapers and so on. Such men as General Stewart L. Woodford, St. Clair McKelway and the Rev. W. S. Rainsford of New York have addressed the club at its semi-public meetings.

Other members than those mentioned are Miss Ada Blackford, one of the leaders among the Hill girls; Miss Sadie Nesmith, Miss Nellie Sherman, Miss Carrie Seaman, Miss Daisy G. Talmage, Miss Nina Perry, Mrs. K. P. Von der Smith, Miss Mabel Northrup, Miss Miserolet, Miss Mabel Dickinson, Miss De Witt, Miss Nina Jarvie, Miss Grace Giberson, Miss Josephine Drakeley, Miss Alice Lowell and Miss Fannie Vernon. The members come equally from the Heights and the Hill.

Matrons as well as maids belong to the Kosmos, and some exceedingly well known people are on its rolls. These are a few of them: Mrs. James Truslow, Miss Lyon, Mrs. James B. Cromwell, Mrs. J. O. Carpenter, Miss Ada Blackford, Miss Colvin, Miss Blanche Mrs. E. R. Betts, Mrs. Charles Craigie, Miss Bowne and the Mrs. Pratt.

There is little to be said about the Urbana club, for the reason that it is only a month old, and is hardly beyond the work of organization.

Rumors are heard of yet other societies to spring up in the fall.

An Interesting Creature.

The slug and its habits are peculiarities are well worth a little attention from those who are fond of the unusual and curious things of earth. A family, upon moving into a house, remarked that the cellar was lined all over with thin, shining tracks where some slimy creature had crawled. For a long time the makers of the track could not be found, but were at last discovered underneath a box in one corner where the mice had carried some leaves and scraps of vegetables. They seemed to eat but little, but were continually crawling about the jar. At the slightest sound they contracted into a length of not more than two and one-half inches, remaining perfectly quiet for a few minutes, when they cautiously put out their feelers and began to move. The head seemed to go on, and the tail was still until the body measured almost six inches, when gradually the entire length moved slowly along. As it crawled up the side of the jar the under side of the body could be clearly seen through the transparent material. Its propulsive power seemed to be a sort of endless-chain arrangement that ran lengthwise from head to tail. This slug is as thick as one's little finger. The longest specimen measured a trifle over six inches in length.

INCIDENT AND ANECDOTE.

A young lieutenant going out to India with his regiment, writing home about the country says: "The climate is magnificent, but a lot of young fellows come out here and drink and eat and eat and drink and die, and then write home and say it was the climate that did it."

"What relation is Mr. X—to you?" asked the Boston minister of a 4-year-old boy. "He's my grandpa." "And what relation is Mrs. X—to?" "She's my grandma." "And what relation am I to you?" added the clergyman. The little fellow was puzzled, but was finally told, "I'm your pastor; you'll remember, won't you?" The boy promised, and when he reached home electrified his mother and grandmother with the announcement: "Mr. X—says I'm some relation to him; he's my parsnip!"

A gentleman, in speaking of the commonness of the proper names of "Jones" and "Smith," told this story: "I once attended a camp meeting in one of the rural districts of Kentucky. One day as I was walking from the spring to the camp I met a strange gentleman who offered me his hand. 'I am glad to see you, Mr. Jones,' said he. 'I suppose you are mistaken,' said I. 'I reckon not,' said my new friend. 'I am a stranger here, but the man who brought me over here said that every other man I met would be a Jones.' 'Well?' 'Well, the last one was Mr. Smith.'"

At a Staten Island ball one evening a plain country gentleman had engaged a pretty coquette for the next dance, but a gallant yachting captain coming along persuaded the young lady to abandon her previous engagement in favor of himself. The other, overhearing all that had passed, moved toward a card table and sat down to a game of whist. The captain in a few minutes afterward stepped up to the young lady to excuse himself, as he was engaged to another he had forgotten. The coquette, much chagrined, approached the whist table in hopes to secure her first partner, and said: "I believe, sir, it is time to take our places." The old-fashioned suitor, in the act of dividing the pack for the next dealer, courteously replied: "No, madam, I mean to keep my place. When ladies shuffle I cut."

Henrik Ibsen, who is now 67 years of age, was an apothecary's clerk in Skein, Norway, when he wrote his first play.

The 300th anniversary of the birth of Gustavus Adolphus, king of Sweden, will be celebrated this year with great pomp in that country.

A NOBLE GIFT PLACED IN A DAUGHTER'S HANDS

In Order That a Life's Work May Be Perpetuated.

[SPECIAL TO OUR LADY READERS]
It was an eventful day.

One of the noblest women of the age felt the weight of years upon her. Her whole life had been given to one grand work, and her name was known throughout the civilized world. Before her was a younger woman, and they were seated in the great "record room," where were stored many women's stories of sorrow and joy. Letters by the thousands, together with great books of record, containing the important points of advice and treatment in special cases, were all about them.

The elder woman turned over the leaves and read: "I was sorely afflicted with chronic inflammation of the womb . . . I am now well."

Turning over another page she read: "They said I was consumptive, and sent me away . . . But you opened my eyes to the truth, and through you I am well."

Another page and: "Your remedy came to me with hope, then the truth dawned upon me. You saved my life, and I bless you continually."

Then the book was closed and placed in the hands of the younger woman.

"These are the records of my victories over the peculiar diseases of women. They give the history of each case, and how it was treated. 'I am growing old. Some day I must give up the effort, and I bequeath to you my life work for the physical salvation of women. Carry it forward that all may be cured.'"

The elder woman was Lydia E. Pinkham. The younger was her daughter, Mrs. Charles H. Pinkham, the one woman fully equipped to carry out the requirements of this noble legacy, not only by natural endowments, but from her knowledge through constant study and years of experience in assisting her mother in her voluminous correspondence and personal treatment of woman's diseases.

Lydia E. Pinkham's Vegetable Compound will redeem women from the fearful consequences of all diseases of the womb. All druggists have it for you.

EXECUTION SALE OF REAL ESTATE—

STATE OF WISCONSIN, CIRCUIT COURT

FOR ROCK COUNTY.

First National Bank of Janesville, Plaintiff

vs. D. P. Smith and John Gately, defendants.

Notice is hereby given that on the 15th day of

January, in pursuance of an execution issued out of

the circuit court for Rock County, Wisconsin, on

the 15th day of December, 1893, in the above

entitled action, I have directed and delivered

to the sheriff of said county, a writ of execution

under said writ, and I have levied upon and sold

and sell at public vendue or sale to the highest

and best bidder on the 20th day of June, 1894, at

ten o'clock in the forenoon of that day, at the

front door of the postoffice in the city of Janes-

ville, Rock county, Wisconsin, all the right

title and interest which the above named de-

fendant D. P. Smith had on the 15th day of

November 1893, the day on which an attach-

ment of said property was made in the said ac-

tion in and to the following described real es-

tate, to-wit: Lots numbered one to twenty-

eight, both inclusive of D. P. Smith's Park

view addition to Janesville, Rock County, Wis-

consin; lots numbered ten to thirteen both in-

clusive of Bump and Smith's addition to Janes-

ville, and also all the right, title and interest

which said defendant, D. P. Smith had on the

15th day of December 1893, the day when the

judgment in the above entitled action was en-

tered and docketed in the office of the clerk of

circuit court for Rock County, Wisconsin, in and

to all of the following tracts of land, to-wit:

A part of lot 10 in section twenty-six, town

three, range twelve, beginning at the intersec-

tion of the south line of said lot two with the

east line of the Madison road, thence north-

west on the east line of said road to a corner

marked by a stone, thence east and parallel to

said lot to Rock river, thence south on the west

bank of said river to the south line of said lot,

thence west on the south line of said lot to the

place of beginning; also a part of lot three of

said section, town and range, beginning at the

intersection of the east and west quarter line

of said section with the east line of the Madison

road, thence south on the east line of said road

673-100 chains, then east and parallel to said

quarter line 1038-100 chains of Rock river, thence

northly on the west bank of said

river to said quarter section line, thence

west on said quarter section line to the

place of beginning (except the right of way of

the C. & N. W. R. Co. through said parcels)

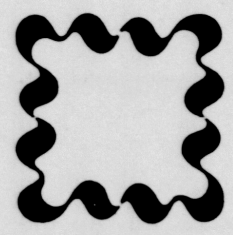

which are not included in D. P. Smith's Park

view addition as plattee; or so much of the

SOME WELL KNOWN FACES

North Carolina's New Senator.
Ex-Governor Thomas J. Jarvis of North Carolina, who was appointed to succeed the late Zebulon Vance in the United States senate, is the son of a Methodist minister and was born at Jar-

THOMAS JORDAN JARVIS.

visburg Jan. 18, 1836. He worked his way through Randolph and Macon college and served through the war in the Eighth North Carolina regiment, advancing from private to captain. At Drury's Bluff in 1864 his right arm was shattered by a Federal bullet. He has been a member of the legislature, speaker, lieutenant governor and governor of his native state and served a term as United States minister to Brazil.

MOUNT PLEASANT, Pa., June 20.—The Sewickley district was the scene of considerable excitement yesterday, caused by the Frick company making preparations to start its plant. The workmen were driven away. The tables, however, were turned in the afternoon when Sheriff McCann appeared on the scene at the head of forty more guards. When the officers charged the strikers broke and fled in every direction, hotly pursued by the deputies, who caught six of the mob's leaders. The only man injured was a Slav, who was shot in the leg.

GREENSBURG, Pa., June 20.—The deputies stationed at Mammoth were attacked by the coke strikers yesterday and driven off the premises. Sheriff McCann left at once with an additional force and trouble may ensue.

Cozyettes Seize a Freight Train.
DENVER, Colo., June 20.—Twenty deputy United States marshals have been sent to Lamar, Colo., where Gen. Vinetti's California industrials seized a freight train.

Corn Famine in Mexico.
CITY OF MEXICO, June 20.—Government reports say that unless rain sets in more vigorously shortly Mexico will experience a general corn famine this year.

DEATH AWAITED THEM.

Forty-Five Russian Merry-Makers Drowned in the River Jek.

BERLIN, June 20.—A terrible disaster is reported from the Russian government of Samara. A party of young people, numbering about seventy, were returning from a fete on the River Jek. The boat which was carrying them across the water was leaky and overcrowded. When near Bugulme the boat sank. The drowning people, few of whom could swim, clutched frantically at each other in their efforts to keep themselves above water, and forty-five out of the seventy passengers were drowned.

For an Anti-Fusion Convention.
LEAVENWORTH, Kan., June 20.—Populists opposed to the re-election of Gov. Lewelling and the present state officials are making arrangements for another state convention to nominate a straight middle-of-the-road "anti-fusion" ticket. It is to be held about July 20.

Deadly Collision on the Wabash.
DETROIT, Mich., June 20.—A wreck reported on the Wabash last night was a rear-end collision of freight trains at Wild Creek, near Lafayette.

We're on the Topmost Wave
OF COMMERCIAL SUCCESS WITH OUR
Death = Knell = Sale.

WE TELL
THE
PLAIN
TRUTH.

What better evidence could we have of the public implicitly believing our announcements than that our store is crowded daily. There must be big attractions for people. We've got would-be competitors on the run with their decoys, their fakes, which attract nothing but passing smiles from those who read their advertisements. No wonder other dealers' tempers are ruffled somewhat while we ride serenely on our successful tidal wave.

"Scrubbing-a-floor" and "moving-a-shelf" sales won't work here in Janesville. The people are onto such rackets, and are not to be caught by such palpably nonsensical and silly assertions. Values—genuine, honest, nineteenth century bargains—are what the people want. They find 'em here every time, and, enormous as our patronage is, Kimball, the old reliable is making new friends every hour, while retaining all the old ones with hands of forged steel.
